STUDIO WELCOME GUIDE

all about

IMAGES EVERYTHING PHOTOGRAPHY

Hello! My name is Lori Marie & my passion is creating beautiful images.

I am inspired by vintage & retro yet I like to keep it fresh with a mixture of classic, contemporary & candid photos to complete your collection of memories.

Established in 2010 and now located in the Southern Downs area, I specialise in weddings & family portraiture and I always aim to make you feel comfortable and look FABULOUS!

I regularly cover weddings on the Gold Coast, Brisbane, Toowoomba & Southern Downs Regions but I am happy to travel to capture your special day.

I am a perfectionist and pay great attention to detail, not only in the images I take, but also in my post processing, making sure your memories are as picture perfect as the day.

You will find me easy to talk to and work with (and a little bit quirky & creative) and I offer professional service while producing exceptional quality images.

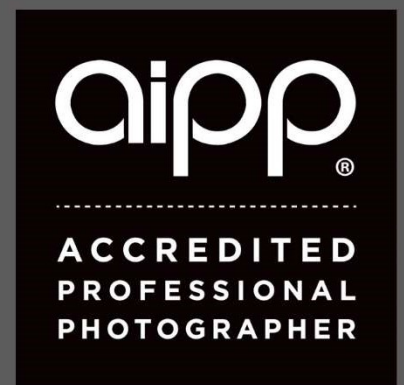

MY STYLE

I like to take the time to get to know you - to learn what will evoke that natural smile, what will cause you to show your sensual side, what will allow you to just be you.

I enjoy what I do for a living so it's not really work to me. I am not one of those 'bossy' photographers that orders around the bridal party, I am always calm and professional and enjoy a good laugh!

Let's enjoy your time in front of my camera for naturally beautiful images.

EVERY

moment

*“When your day is finished,
all that will remain are the images
and the memories.”*

It's about LOVE & *Romance!*

I chose to specialize in weddings because I just LOVE the magic and romance! There is nothing more beautiful than two people in love and showing it to the world on their wedding day. True love has an enchantment that's all its own and it thrills me to be able to capture it for you.

I am also a 'story teller' and it is my absolute pleasure to tell the story of your special day. I prefer to do full day shoots because it gives me the opportunity to capture ALL of those moments & details that make up your special day...moments & details that would otherwise get missed in the hectic pace of such a busy and important event.

I guarantee a minimum of 250 images from the day but I often supply more than 500 images on full day's coverage. There is no limit to what I shoot and I don't charge extra for any additional images but will supply everything that is beautiful. I post produce/edit each and every file to ensure all of your photos look their absolute best.

When you book me, you are hiring me for my photographic & artistic skills. Your images are YOURS which means you can get your photos printed and make copies of them as you wish. However, as I have edited your images to perfection and due to copyright limitations, there can be no alteration of the files.

And finally, it is most important to me that you feel happy and comfortable in front of my camera on your wedding day. I guarantee to make you smile and feel relaxed for naturally beautiful images.

frequently
ASKED
questions
(and the answers)

{ Q } Can we meet with you to discuss our wedding & photography?

{ A } Absolutely! It is a great way to get to know one another and discuss your expectations. Your choice of photographer for your wedding is a very personal decision. The more comfortable you are with me, the better your photos will be!

{ Q } What methods of payment do Images Everything accept?

{ A } We accept EFTPOS, credit card, cash, direct deposit, AfterPay & PayPal. Once the decisions have been made on your choice of package/services, I will send you an invoice detailing the charges and payment information.

{ Q } How long after our session /event will our images be ready?

{ A } Engagement sessions will be ready within 2-3 weeks from the session date. A sneak peek selection of your wedding images will be emailed to you within a week after your wedding day and the entire collection of wedding photos will be completed and sent to you on custom USB & on-line gallery within approximately 4-6 weeks.

{ Q } What if it rains on the day of our session / wedding?

{ A } I am experienced in producing gorgeous images regardless of the weather. Sometimes the more dramatic the sky, the more breathtaking the photos will be so don't let the weather worry you. I do also bring along a selection of umbrellas just in case the heavens open up!

{ Q } How much time do we need for our bridal shoot?

{ A } We don't want to keep your guests waiting too long but it is so important to allow enough time to get those breathtaking, romantic images that we all love so much. So the more time, the better...especially if there is some travel involved.

{ Q } Will my photos be used as advertising material?

{ A } I do love to show off my work and I reserve the right to use some images in advertising and online. Having said that, there may be reasons why you would like to keep your images private so this is something we can discuss.

You will find me very easy to talk to and no questions are ever silly so please feel free to contact me at any time and ask away!
